# Welcome to Bothy Threads . . .

Over the last 21 years Bothy Threads has grown to become one of the UK's largest manufacturers of sewing kits, thanks to our talented artists and you, our customers.

Our cross stitch kits use top quality Zweigart Aida and pre-sorted Madeira stranded cottons. We use special effect threads, beads, buttons and sequins to embellish the designs. Comprehensive instructions and clear stitch diagrams are included in the kits. There are also some video tutorials on our website [www.bothythreads.com](http://www.bothythreads.com). Our tapestry kits contain beautiful colour printed canvases and Appleton tapestry wools.

2016 was another busy year in the Bothy, as we launched nearly 70 new kits, including 6 new tapestries. In our Spring Collection we launched Hannah Dale's much loved wildlife designs, with our exclusive 'speckle' printed Aida. These are now one of our most popular ranges and more will be launched this year. We added to our popular Cut-Thru' and Margaret Sherry ranges and towards the end of the year we launched a new line of Blackwork Flowers. This traditional genre has been given a contemporary twist by using some coloured threads and embellishments.

This year the magical Fairy Tale and Enchanted ranges are being relaunched with exciting new printed Aida to enhance the designs. There will also be new Gorjuss kits, a range of Beryl Cook designs, Rosina Wachtmeister's colourful cats and more. Look out for our quarterly new product releases!

Top row - Chrissie (left) manages the business, John (middle) does all the behind the scenes stuff and Trish (right) sorts out the threads. Bottom row - Laura (left) packs the kits, Kate (middle) designs and Julie (right) is our tapestry lady.
