EC-Norm for the safeguarding of toys

Dear customer!

The legislator provides that toys have to meet the EC-norm and have to be marked with the symbol "CE". Our articles are mainly handicraft materials (basic raw materials) which have not to be marked and often do not meet the strict regulations. (e.g. danger by swallowing smaller items like wooden pearls etc.)

Please draw the parents' and educators' attention to this problem. Small children less than 36 months should, in principle, should not be given products which have not been examined nor marked, or products derived from these products. Other children less than 14 years should do handicraft work under supervision and with all usual precautionary measures. (knife, fork, scissors, light...).

We wish you a few pleasant hours when doing handicraft work and a lot of pleasure with your self-made creations.

Please refer to our latest price list for the current terms & conditions.

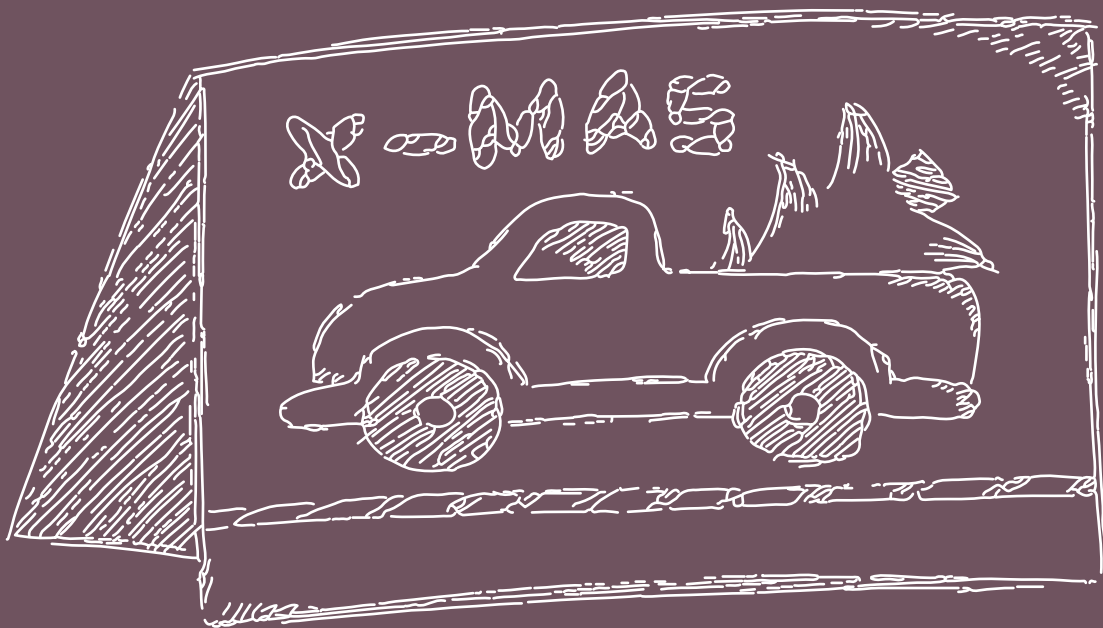

Please note: The number in brackets is the minimum order quantity. Please only order in multiples of e.g. (6) = 6, 12, 18 etc.

Book: DIY Coffee to-go cup
only in German

Customizable – for a distinctive, personal cup!

There are **numerous creative possibilities** for the **individual designing** of the plain-coloured **bamboo products!** We highly recommend:

- Chalky Finish
- Extreme Sheen
- Porcelain & glass marker
- Acrylic marker
- All Purpose marker
- Transfer-sticker
- Wrapper-banderole out of felt, cork, corrugated cardboard, paper and more...

Application instructions:

- The paint cannot be baked, because the material is not suitable for the oven
 - Allow the paint to dry thoroughly out (at least 24 hours)
 - Wash by hand or a careful cleaning in a dishwasher (~ 65°C)
 - Paint is wipe-resistant, but not permanently scratch-resistant
 - Only food-safe, if surfaces that come into contact with food or lips are in no way altering while being painted, stamped, bonded, etc.
- The Rayher's reusable products out of bamboo provide more scope for creativity with greater sustainability.**

8 items

The exclusive birch wood lamella lamps in Scandinavian design are supplied in individual components and with the corresponding assembly instructions (without lamp socket and light source). Paint, glitter and other creative materials refine the individual wooden lamellae. These latter have to be fixed with craft glue, then the lamp socket attached and the bulb turned in.
Required lamp socket: E27

EFFECTSPRAY

- Highly glossy effect-spray
- for all smooth surfaces such as metal, wood, glass and plastics
- not weatherproof and durably waterproof: therefore only usable for decorative applications
- conditionally resistant to water and usual household cleaners
- high-grade acrylic quality
- very good coverage, very high gloss, excellent adhesion
- fast-drying
- spreading rate (depending on the substrate): 200ml for about 0.6m²

5xA4 transfer paper+templates, tab-bag

The universal transfer paper is ideal for effortlessly transferring templates to various substrates, e.g. wood, leather, canvas or fabric (not washable). The black carbon paper produces clear & sharp contours and can be used several times.

The sets contain many different painting templates on the respective topic, especially for the application with the branding burning pen on wood. All motifs can be individually combined, reduced or enlarged, adapted to the substrate and used as often as desired.

Mega craft box Fantasy, 1000-part
blue-green/pink-purple, box

The mega craft box contains everything you need for tinkering. The set contains 15 different handicraft materials, matching each other: self-adhesive felt, pompons, sequins, wobbly eyes, fleece feathers, wooden plate with motifs for designing (and it can be used as a painting template)... It includes practical storage box and creative craft ideas. Craft scissors are not included.

Textiles: Pompons: 100% polyester, chenille: 100% polyester, Felt sheets: 87% polyester, 13% polypropylene, String: 100% cotton

ENVIRONMENTALLY FRIENDLY PRODUCTION

FSC®

The paper used for the Rayher catalogue is produced in compliance with the international FSC standard. The pulp is partly manufactured from certified, exemplary cultivated forests. Careful forestry practice also ensures, among other things, that biological diversity and ecological processes are not disturbed when wood products are removed from the forest.

CO₂- Compensation

Producing the Rayher catalogue all CO₂ emissions produced in the course of printing and processing are determined. By making an equal investment in a climate project according to the Gold Standard, the corresponding CO₂ emissions will be saved in the future and the Rayher catalogue will be CO₂ compensated this way.

Please note that in a few cases, some colours shown in our catalogue may differ from the original ones due to printing reasons.
