LANG

Y A R N S

As if observed through a frost-kissed window, these designs and colours merge into the quiet calm of an arctic landscape. The fascination of the frozen wilderness or the crackling of a warm fire, the choice is yours. Think of fluffy yarns in earthy brown tones, contrasting with textured knits in cool, icy blue.

So, no matter whether you prefer a classic cardigan or an over-sized sweater, with ARCTIC SERENITY you will discover the perfect pieces to give every outfit that ultimate cosy factor.

LANG

Y A R N S

Like a bed of moss with light shimmering on it through the leaves on the trees, the colours and designs in this section have a magical quality. Inspired by the fullness of nature, here you will find textures and cables that play with the light, complemented by airy, voluminous yarns.

Add a touch of refined elegance to your winter wardrobe with a combination of luminous greens and rich, deep violet tones.

LANGYARNS ASTRA

- 60% polyester (metallic) 40% nylon
- 25g/approx.550m (602yds.)
- 2colors

Like a shooting star, this yarn lends a subtle glint of silver or gold to your projects. It is worthy of note as an additional yarn to elevate a basic knitting project.

ASTRA works particularly well when combined with a fluffy mohair yarn to elegant effect, or as a tasteful accent on a ribbed border or edging. Despite a rough appearance, the handle defies expectations with a surprisingly soft touch.

- 25g/approx.85m (93yds.)
- needles size 5.5-6, US 9-10, UK 5-4
- 20stitches/31rows - 10cm x10cm (4"x 4"), Worsted

Experience the volume and lightness of CASHMERE LIGHT - now also available in a multi-coloured version. Such loftiness is achieved not by spinning the cashmere roving, but by knitting it loosely with a little nylon for strength to produce a chainnette yarn.

Let your needles glide through a bright cloud of cashmere! This exquisite material is especially soft and rare, being obtained from the undercoat of the cashmere goat.

Introducing: the latest version of our classic tweed yarn – DONEGAL TWEED+.

Spun and dyed in the legendary tradition of the Donegal region of Ireland, this yarn is an invitation for you to create classic, heirloom pieces. Since the yarn retains a little oil from spinning, a remarkable transformation occurs once it has been knitted and washed: the yarn blooms, gains volume and takes on a luxurious softness, which underlines the timeless look.

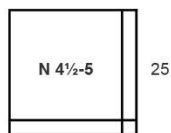

You can feel, and appreciate, the authenticity of the traditional production process. Occasional variations in length and thickness are not so much defects, but more a sign of quality with this true wool tweed.

LANGYARNS FORTUNA

- 90% virgin wool (merino extrafine) anti-felting-finished
10% cashmere
- 50g/approx.120m (131yds.)
- needles size 5-6, US 8-10, UK 6-4
- 17stitches/26rows - 10cm x10cm (4"x 4"), Worsted
- 10colors

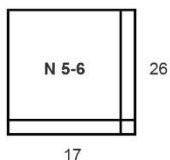

Enjoy that lucky feeling, when you knit with this soft and airy blend of 90 % extrafine merino wool with 10 % cashmere. What makes this yarn so special, beyond the high quality composition, is an unusual approach to colouring. Rather than dyeing the yarn, the colourfulness has been achieved by printing to produce a distinctive, lively surface which will give your creations a unique character. Apart from the aesthetics, there is also a functional purpose for using this technique, as it helps maintain the loftiness of the yarn.

True to its name, HARMONY is pleasing in every way - with soft, harmonious colour gradients and a fluffy mixture of baby alpaca with 15% nylon for strength. The meterage is generous for the weight, given the chainette construction, so it knits into light but warm pieces.
