TRENDS FOR SPRING/SUMMER 2023

Color themes:

dopamine dressing – sensual heatwave – desaturated romance

We at LANGYARNS are almost literally floating on cloud nine. Spring has brought renewal and slowly made way for Summer. In this new world of colours, good-mood-colours take centre stage. Go for Colour-Blocking, a little colour popping or tone in tone.... "Dopamine Dressing" means nothing more than letting you glow in colours that make you feel good. It increases the release of dopamine in your body, the chemical we create to feel good. This season is all about optimism and we bring you a whole rainbow. Dress in a way that brings you joy and lifts your mood by combining different colours, textures and styles. Don't dress to impress, dress to boost your dopamine level. You will feel full of vital energy and positivity.

This colour theme will awaken the absolute holiday feeling in you. These colours will give you exactly what an endless summer feels like. A summer where you are carefree and don't have to think about what to wear, because you know the sun is shining each day. Within this colour theme, you are guaranteed to find a new summer love. Beautiful colours alternate: think cool sage shades that remind you of the coolness of the water or the blue of the sky that you will see on a sunny day. But don't forget the warm hues of nature that we find in the field when the plants and soil crave a little water. Each design is unique, and you'll be delighted by the variety of cable and ajour designs in this theme. Be tempted to keep that summer feeling even when autumn arrives.

This world of colours embodies the feminine essence and the energy that she radiates. Compare the process to a peony that slowly unfolds and unveils its glory. Few other plants are able to create such impressive flowers as this peony. Before long, uneven amounts of delicate petals appear. The dew that still rests on the petals early in the morning slowly evaporates under the first warm rays of Spring... These soft, feminine colours make you yearn for more romance. A wide selection of beautiful cool pink hues with the most diverse designs are available. There is always an eye for beauty and romance. Indulge yourself in even more passion for these beautiful colours. Even though the peony does not bloom for long, it always leaves a lasting impression...

Jennifer Koch / London

The yarn is for knitters,
what is the stone for sculptors,
the wood for carpenters and the fabric for tailors.
In the best case a source of inspiration,
but at least the raw materials for realising creations.

For several years LANGYARN is collaborating with Jennifer Koch.
First Jenny was modelling for the FATTO A MANO productions.
Jennifer, raised in Germany and daughter of German-Korean parents,
is not only working as a model,
she also graduated with a Master in Knitwear Design
at the Royal College of Arts in London.
The 2021 spring/summer WOOLADDICTS collection is designed by Jennifer
and inspires through the profound understanding
of shapes and stitches of the designs.

IT'S (S)UNBELIEVABLE!

These three worlds of colours resemble happy days, moments which are filled with laughter, creating memories together with other knitters...

They were meant for knitters who have souls full of sunshine: who are golden.

Since summer always goes by so quickly, don't count the days to finish your project but make the days count.

Enjoy every minute of it, celebrate life:

It's all about sea-la-vie and carpe diem.

Even on days when you don't feel like the next miss sunshine, you have to seize the day!

And remember you are allowed to suck at something new.

Only by allowing yourself to make mistakes...

You can create something beautiful.

It's not all rainbows and sunshine.

Sometimes good things have to end, so that even better things can start. Remember that the sweet isn't that sweet without the sour. Sometimes you have to create your own little ray of sunshine...

But never forget you are the zest!

WE OFFER YOU THE MOST PERFECT RAW MATERIAL FOR YOUR CRAFT(S).

THE REST DEPENDS ON YOU - WOOLADDICTS.
