EC-Norm for the safeguarding of toys

Dear customer!

The legislator provides that toys have to meet the EC-norm and have to be marked with the symbol "CE". Our articles are mainly handicraft materials (basic raw materials) which have not to be marked and often do not meet the strict regulations. (e.g. danger by swallowing smaller items like wooden pearls etc.)

Please draw the parents' and educators' attention to this problem. Small children less than 36 months should, in principle, should not be given products which have not been examined nor marked, or products derived from these products. Other children less than 14 years should do handicraft work under supervision and with all usual precautionary measures. (knife, fork, scissors, light...).

We wish you a few pleasant hours when doing handicraft work and a lot of pleasure with your self-made creations.

Please refer to our latest price list for the current terms & conditions.

Please note: The number in brackets is the minimum order quantity. Please only order in multiples of e.g. (6) = 6, 12, 18 etc.

Masking marker

Round tip 1-2mm + pump, tab-bag 1pc

- **Removable fluid frisket** based on water
- Leaves no residue
- Fine tip: perfect for lettering and delicate ornaments

Tips for the application:

- Shake well the marker, pump the back of the marker and apply the fluid to the desired surface area
- Allow the masking fluid (fluorescent orange) to dry well out
- Then paint over with watercolours
- After sufficient drying, the fluid frisket can be removed without leaving any residue: "rub off" the fluid frisket
- The original surface becomes visible again

Fluorescent spray "Glow in the dark"

- The fluorescent spray stores daylight and releases it slowly in the dark
- Afterglow duration is several hours, depending on irradiation intensity and layer thickness of the paint
- Maximum luminous flux fades slowly

Tips for the application:

- Apply several thin layers, at a distance of approx. 25 cm
- For white and transparent surfaces
- Apply the Clear varnish to improve the weather resistance (only weather-resistant to a limited extension)

Layering

Layering – with Mix & Match to the trendy necklace-look!

„Necklaces in rows“ - there is currently no way around this jewellery trend; layering is **the must-have topic on the jewellery scene!** Why should we choose a single necklace when several necklaces on top of each other are so much trendier?

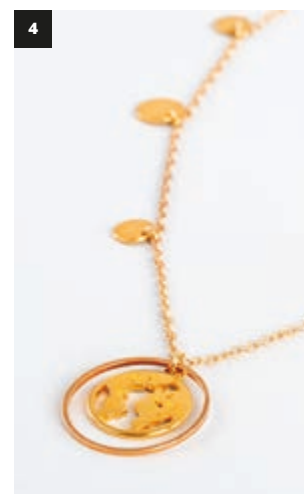

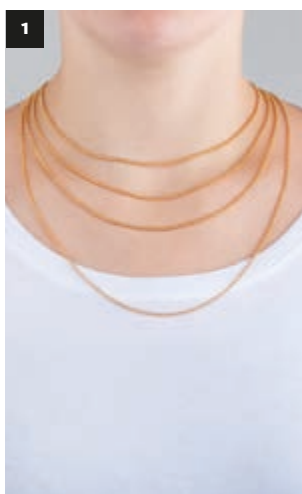

No matter whether necklaces of the same style, in different lengths, harmoniously combined or a lot of, many various designs become a true work of art:
Finally wear all your favourite necklaces at the same time and draw attention to your neckline stylishly!

This trend is suddenly becoming a DIY trend – with the **convincingly intuitive layering concept of Rayher**: 1. Choose your favourite necklaces in different lengths...

2. Look for individual pendants and decorative elements...

3. Attach pendants with accessories to necklaces...

4. ...now you only have to wear these trendy necklaces as a fashion statement – **a true eye-catcher is now around your neck!**

Trendy layering-look – at a glance!

Space-saving, rotating and stable wooden display for love – and sale – at a first glance!

Here the female customer finds everything for her individual look: New inspirations, instructions for a personalized look and all the necessary materials.

In other words, she is now spoiled for choice!

High-gloss, brilliant two-component casting resin with a great depth effect!

Very nice results! Whether by classical application, as a covering or as a varnish.

Also applicable in thick layers: after curing, the casting resin becomes firm and dense.

- Non-toxic, not hazardous to health, food-safe, non-flammable (no VOC, no solvent)
- Absolutely transparent and crystal clear (does not yellow)
- Easy mixing ratio (1:1)
- Suitable for indoors & outdoors
- Perfect for wood, glass, plastics, metal, concrete

Shrinking plastic foil A4
to print on, tab-bag 55 pcs
white

5 x

Shrinkable plastic foil, **perfect for printing** with the **inkjet printer**!

Application tips:

- Print the foil, cut out the motif and „shrink“ it in the oven.
- The motif will reduce in size, harden and it can then be used for many handicraft works: refrigerator magnets, key rings, jewellery...

Display viscose flocking powder
26.5x35x40cm

TOP
SELLER

- Velvet viscose flocking powder to be sprinkled into glue
- Results in a velvet-like surface that is soft to the touch
- Depending on the substrate and layer thickness, different colour shades may appear
- Suitable for wood, styrofoam, cardboard, plastics, etc.

Tip for application:

Choose adhesive according to the substrate: paper glue, craft glue, spangle glue, styrofoam glue or adhesive tape!

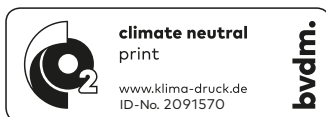

ENVIRONMENTALLY FRIENDLY PRODUCTION

FSC®

The paper used for the Rayher catalogue is produced in compliance with the international FSC standard. The pulp is partly manufactured from certified, exemplary cultivated forests. Careful forestry practice also ensures, among other things, that biological diversity and ecological processes are not disturbed when wood products are removed from the forest.

CO₂- Compensation

Producing the Rayher catalogue all CO₂ emissions produced in the course of printing and processing are determined. By making an equal investment in a climate project according to the Gold Standard, the corresponding CO₂ emissions will be saved in the future and the Rayher catalogue will be CO₂ compensated this way.

Please note that in a few cases, some colours shown in our catalogue may differ from the original ones due to printing reasons.
