Sparkles are very reflective and shining because they are made of glass, their colours are matching the Glamour line and the new trendy paper Collections.

Patina Anticante

This is a special paste which can be easily applied and removed. By using a cloth it is easy to obtain the desired effect. It is ideal to highlight the crackle slits and to “age” a creation without difficulty. The colors “Ombra” and “Bianco” are specifically suggested to create shadow and light effects on three dimensional reliefs.
