DFLRB05

With Rub on you can transfer images on any kind of smooth surface, as if they were printed on it. Very suitable for Journaling and for decoration. Best on light colour surfaces.

**How to use:** 1) Clean-up and dry the surface where you would like to apply the product. 2) Cut the part of the sheet that you would like to use. 3) Slowly peel off the printed sheet from the backing paper. 4) Place the printed sheet on the surface, and then using your fingers or a rounded object, rub it firmly several times with the same strength. 5) Remove the transparent sheet slowly, checking the design being transferred onto the surface.
